Topic Varies Courses

The GDIM curriculum currently includes four topic varies courses: GDIM 49, GDIM 129, 139, and GDIM 149.

Topic varies courses mean that while the numbering of the course [GDIM 129] remains the same, the topic offered throughout the year may be different. This means a student can take GDIM 129 one quarter for the core major requirement, and take another GDIM 129 in a different quarter for an upper division core elective as long as it is a different topic.

Applying for Graduation

Graduation is not automatic once you complete all your requirements (UC requirements, General Education requirements, Major requirements, Minor requirements if you are pursuing a minor). **You must apply one quarter before your intended graduation date.** The deadline is Friday of Week 10 of the quarter prior to your graduation quarter.

For example: If you plan to graduate in Spring quarter of your senior year, your graduation application must be submitted in Winter quarter.

To submit your application, log into StudentAccess →Applications →Graduation.
